OUR PACKAGE

Diploma in Computing

Our Diploma in Computing programme prepares our students for the world of tech with associated work experience on live IT projects.

Scholarship Package

All applicants will be given a scholarship package to cater for their accommodation and feeding throughout the duration of the 12 month Diploma in Computing course.

UK Student Services

Students will be assisted to apply for their temporary worker visas to come to the UK, switch to the student visa upon the completion of their course, and a variety of other student services as and when required.

Study & Work in the UK

New Career in Tech?

Think SOL Institute

What's Included in the Program?

Academic Certificates: Upon successful completion of the program, students will earn both Level 3 (L3) and Level 4 (L4) Diplomas in Computing, demonstrating your mastery of fundamental concepts in the field.

IELTS Certification: Enhance your language proficiency with an IELTS certificate, opening doors to a global audience and improving your employability.

Reference Letter: Receive a valuable reference letter from the Kingdom Trust, recognising your dedicated 12 months of service and boosting your credibility in future career opportunities.

Scholarship Package Worth £8000

As a testament to our commitment to your success, all successful applicants will receive a comprehensive scholarship package worth £8000. This generous scholarship covers your accommodation and daily living expenses, ensuring that you can focus on your studies and your professional development.

Program Costs and Payment Structure

This unparalleled opportunity comes at a cost of £15,000. To make this program accessible to as many talented students as possible, we offer a flexible payment structure:

Initial Payment: Secure your spot by paying 60% upfront, a total of £9,000.

Balance Payment: The remaining 40% (£6,000) can be paid within 2 months of your arrival in the UK, allowing you to settle in and focus on your studies.

Visa and University Progression Assistance

We understand the importance of a smooth transition into your academic journey. That's why we provide assistance in obtaining a temporary worker visa to kickstart your 12 months of valuable work experience. Additionally, we offer guidance to help you switch to a student visa and gain admission into the second year of a BSc in Computing or any IT-related course at one of our esteemed partner universities.

Invest in Your Future Today

Don't miss out on this extraordinary opportunity to study, work, and build an impressive academic and professional portfolio in the United Kingdom. Secure your place now and invest in your future success!
